OUTREACH TO THE WORLD:

- Through our Healing Fund, we support those in medical crisis.
- Through our Community Service Fund, we support a variety of programs in the world, including the Kisiizi Malaria and Health Care Project, which provides medical and mental health support in southwest Uganda. The people of this area are peasant farmers living in mud huts with no electricity or running water.
- Through the Women of Vision project, we build bridges between women of all faiths in the Middle East. The StarHouse supports exchange between Israel/Palestine and Boulder, where Middle Eastern women come to Boulder, and women from the U.S. go to Israel/Palestine.
- Through your tax-deductible donations, these initiatives are made possible.
- Through our welcoming of all traditions, each has a home at The StarHouse. ASC believes – and knows – that Divinity is available to everyone. "My house shall be a house of prayer for all people!"

MEMBERSHIP:

Your membership supports your own spirit quest, as well as supporting the other programs at The StarHouse. Donations beyond suggested membership levels are much appreciated.

ALL SEASONS CHALICE (ASC)

A non-profit church, incorporated in Colorado, that oversees The StarHouse. The StarHouse is located at 3476 Sunshine Canyon Road, Boulder, CO 80302.

THE STARHOUSE ALL SEASONS CHALICE

*Let the seasons, the community and
the stars draw out the spirit in you.*

*The StarHouse/All Seasons Chalice ("ASC")
A non-profit transdenominational church • Dedicated to Celebration of the Sacred*

THE STARHOUSE

ALL SEASONS CHALICE

All Seasons Chalice provides sacred ground for spiritual and ceremonial practice based on love of the Divine, honor for all beings, earth stewardship, and seasonal and celestial community celebrations.

THE EMBRACE OF NATURE:

- The StarHouse is minutes from the bustling city of Boulder, in a vast expanse of calm and quiet at 7000 feet altitude.
- This property is cared for in many ways: it is certified organic; bio-dynamic practices are used on the land; no shooting is allowed; and prayer is practiced here.
- Lean up against one of the grand trees and enjoy the many fanciful shapes and colors in the meadow. Take in the sun radiance of St. John's wort.
- Marvel at lichen-painted rocks sculpted by time, and enjoy the chickadees, eagles and hawks.
- Follow the great inbreath and outbreath of the seasons, from flowers to snow.
- Notice the grand canopy of the sky and the stars that come out when city lights don't interfere.
- Star light, Earth glow, warmth of others' hearts.

THE STRUCTURES:

- The StarHouse: conceived in 1989, completed in 1990. Twelve-sided – a dodecagon – created from the sacred geometry that was used to design the great cathedrals of Europe. Each grand post given by the surrounding land.
- The WaterHouse: a unique round building for the composting toilets, a place where water is honored by the economy of its use.
- The StarHouse Retreat Cabin: a place to rest and rejuvenate.

THE SITES:

- The Goddess Grove: a place of meditation with Kwan Yin.
- Mary's Well: the miracle of a well of water in a semi-arid land.
- The Labyrinth: a Cretan-style walking meditation site.
- The PCA Entry Posts: for men and women entering the Path of the Ceremonial Arts program.
- The Old Homestead: built in 1904, when this meadow was farmed, now near the Old Grandfather tree.
- And many other magical sites on this land.

THE PROGRAMS:

- There are several ongoing programs that have made their home at The StarHouse.
- The Path of the Ceremonial Arts (PCA) – a three-year training in the art of living a sacred life: www.PathOfTheCeremonialArts.org
- Dances of Universal Peace – regular practices of dance and chant to bring sacred texts more deeply into the body.
- StarWisdom – a star-based approach to the intelligence of the heavens. www.StarWisdom.org.
- Journey of the Feminine – women explore the archetypes of Feminine Wisdom.

The ministers of ASC, left to right: standing: Candice, Kate, Timothy, David, JJ. Sitting: Lila, Katharine, Anastacia, Lee. Inset photos: Noor Karyn, Circe, Rick, Lynnaea.

THE MINISTERS:

- An eclectic, trans-denominational group who support The StarHouse and its community through ritual, ceremony and service.
- Graduates of the PCA program also guide the ceremonies at The StarHouse.

THE CEREMONIES:

- Celestial and seasonal ceremonies to emphasize the beauty of creation and its rhythms.
- Full Moons and New Moons, each with a particular theme, opportunities to work with the heavens to arouse, strengthen and train one's inner lights.
- Equinoxes – equal day and equal night (March 21 and September 21), a seasonal phenomenon shared by all people on Earth on those days.
- Solstices – longest day (June 21) and longest night (December 21), an opportunity to celebrate light in its fullness and in its absence.
- Cross Quarter celebrations, weddings, baby blessings – all the ways that a community comes together to honor the cycles of the year and the seasons of a life.
