The StarHouse Boulder

## Sophia / Christos Remembrance and Re-Union Weekend

September 28 – October 1, 2017

*Re-connect* with your Personal Purpose

*Re-weave* that Purpose together with an aligned  
Community of shared Vision and Intention

*Co-create* a contemplation and meditation that focuses  
on issues that affect the Greater Whole (of which we are  
all a part, and which we paradoxically Contain.)

During this powerful and experiential weekend, we will:

- Explore the Sophia-Gnostic Creation story
- Discover StarWisdom insights: Alignment with your exact degree of the Sun's Position at your birth, and the connecting with the solar image of that day
- Work with the Trines of the 4 Elements using the StarHouse template of Sacred Geometry
- Co-create transformative meditations and processes that we can carry into daily life.
